Indian Engineering Sector

India's basic manufacturing sector has been growing at average of 5-6 % for several years.

Its size is expected to reach US\$ 500 billion by 2025. The growth in Indian domestic market will be on back of increasing expenditure of Atmanirbhar Bharat and related defence production. There is also spill of effect of expenditure in highway construction, metro rail network across 15 cities, bullet trains and electric vehicle charging infrastructure and so on.

In this scenario, we bring this Engineering Directory 2023, which is an attempt to report on the engineering companies with their basic profile, current capacity, and expansion plans etc., along with details of address, tel, fax, email and details of key personnel.

This directory covers all equipment mfrs, electrical and electronic products and many more..

Overview

Indian Engineering Sector is the largest in India accounting for more than 27% of the factories. It is also the largest technology assimilator. (with over 60% of foreign technical collaborations from developed countries).

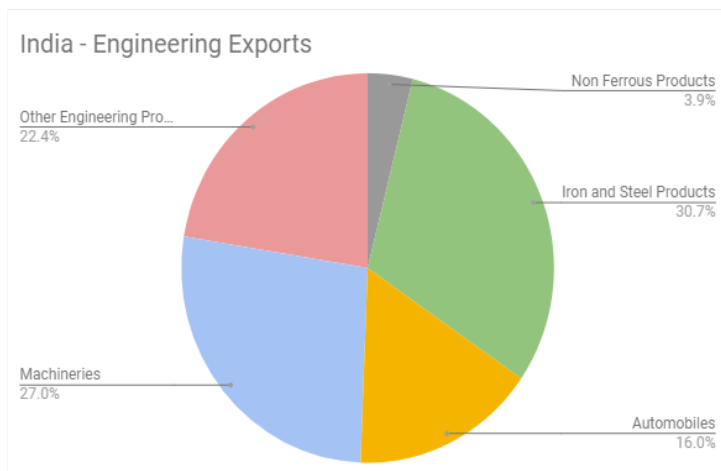

Engineering sector depends on other basic industries like infrastructure, electricity generation, mining, oil and gas, refinery, steel, automobiles, and consumer durables.

Some of the larger heavy industrial corporation like BHEL, ICF and SAIL in public sector provided a fillip to engineering sector in initial stages. Various sub-assembly factories

thrived around the larger plants. Later Automotive, Chemicals, Refining, Wind Power Generation, ISRO and Defence also key factors which drove innovation and cost advantage of India.

The Indian Engineering sector is large and the following are covered in this directory.

Agricultural Equipment, Air Conditioners, Boilers, Cables, Construction Equipment, Consumer Durables, Electrical Equipment. Electronic Products, Forgings, Heavy Engineering, Instrumentation, Lighting Equipment, Material Handling Equipment, Telecom Equipment, Transformers, Switchgears and Turbines..

Ibis Engineering Directory 2023 – is one of the top sources of information available in Indian manufacturing sector. This directory provides every detail about the Indian manufacturing sector – it contains **profiles of** all leading manufacturing companies and their plants, their history, **acquisitions, co-generation, upcoming capacity**, New projects, technology up gradation plans, plans, investments, details of **captive power plants** etc.,

The directory contains key personnel details of **2920+** Indian manufacturing companies along with their **direct email-ids, telephone numbers, mobile numbers** and **9,882+ contact details of all manufacturing plants in the country – with address, tel/fax/mobile/email etc.,**

How to Order?

Please visit <http://www.industry-focus.net/engineering-directory>

Add the product to Cart and Click on **Checkout**

The screenshot shows the product page for the 'Engineering Directory 2023'. At the top, there is a search bar and a shopping cart icon showing 0 items. The page has a navigation bar with 'Directories' and 'Reports'. Below this, a breadcrumb trail shows 'Directories' > 'Engineering Directory 2023'. The main content area features a large image of the directory book. To the right of the image, the product title 'Engineering Directory 2023' is displayed, along with the product code 'Engineering Directory 2023' and availability 'In Stock'. The price is listed as ₹8,950. Below the price, there is a quantity selector set to 1 and an 'Add to Cart' button. Underneath the 'Add to Cart' button, there are star ratings and a link to 'Write a review'. At the bottom of the page, there are social media sharing buttons for Like, Tweet, and Share.
