# Punjab / Haryana / Himachal / Uttaranchal and Jammu Kashmir

Northern States of India have predominantly an agriculture based economy.

However, there are clusters among them like Ludhiana, Baddi, Manesar which have facilitated large number of small and medium scale industries.

Over, the last 3 decades, the state has attracted investment in auto, pharma, engineering and renewable power.,

In this scenario, we bring this State Directory of Punjab / Haryana / Himachal / Uttaranchal and Jammu Kashmir Directory 2025, which is an attempt to profile the industries, manufacturing facilities and companies with their company profile, expansion plans etc., along with details of key personnel, address, tel/fax/email etc.,.

The directory covers all manufacturers in the above mentioned states covering sectors like cement, steel, Sugar, Food, Metal, Engineering, Textiles etc.,

#### Overview

The states of Punjab, Haryana, Himachal Pradesh, Uttarakhand, and Jammu and Kashmir are located in northern India and share a common history of agriculture and industry.

#### **Industrial Climate:**

The northern region of India has a favorable industrial climate, with a well-developed infrastructure, access to raw materials, and a skilled workforce. The region is home to several large industries, including agriculture, textiles, pharmaceuticals, automotive, and engineering.

The governments of these states have also been actively promoting industrial development and have established several industrial parks, SEZs, and other incentives to attract investment. The region is also home to several major airports, and rail networks, which facilitate trade and commerce.

#### **Business Opportunities:**

Agriculture: The region has a rich history of agriculture and is home to several large agricultural companies. The region offers several opportunities for agro-processing and value addition to agricultural products.

Textiles: The region is also known for its textile industry and offers several opportunities in this sector. The region is home to several large textile mills, including those producing cotton, wool, and silk.

Pharmaceuticals: The region is emerging as an important hub for the pharmaceutical industry and offers several opportunities in this sector. The region has several large pharmaceutical companies, including Ranbaxy, Cipla, and Dr. Reddy's, and offers several benefits to pharmaceutical companies, including tax incentives, subsidies, and a favorable policy environment.

Automotive: The region is home to several automotive companies, including Maruti Suzuki, Hero MotoCorp, and Mahindra & Mahindra. The region offers several benefits to automotive companies, including access to a skilled workforce, a favorable policy environment, and a well-developed infrastructure.

# Punjab / Haryana / Himachal / Uttaranchal and Jammu Kashmir

## **Future Prospects:**

The future prospects of the northern region of India look promising, with several initiatives by the state governments aimed at promoting industrial growth and attracting investments. Some of the key areas where the region is expected to see significant growth in the coming years include:

Renewable Energy: The region has significant potential for renewable energy and offers several opportunities in this sector. The region has several large wind and solar power projects, and the governments of these states have announced several initiatives aimed at promoting renewable energy.

Tourism: The region has several historical and cultural attractions, including the Golden Temple in Amritsar, the Taj Mahal in Agra, and the Vaishno Devi shrine in Jammu and Kashmir. The state governments have announced several initiatives aimed at promoting tourism, including the development of tourist circuits and the establishment of tourism infrastructure.

Healthcare: The region has a large population and offers several opportunities in the healthcare sector. The state governments have announced several initiatives aimed at improving healthcare infrastructure, including the establishment of medical colleges and hospitals.

Information Technology: The region is emerging as an important hub for the IT industry and offers several opportunities in this sector. The state governments have announced several initiatives aimed at promoting the growth of the IT industry, including the establishment of IT parks and the provision of incentives to IT companies.

#### **About the Company**

AAA caters to the leading auto majors including Honda Motorcycle & scooter, Hero Moto Corp, Denso, Magneti Marelli, UFI filters etc. The company manufactures automotive components used in two-wheeler drum braking systems, including friction materials, such as brake shoes, safety control cables and other aluminium PDC and machined components, such as brake panels, crank cases, and hubs.

The company has set up an additional facility to expand its PDC capacity under Autotech. This company manufactures small and heavy components, mainly for the two-wheeler industry. The group also has paint shops and computer numerical control (CNC) machining section.

APK (promoted by Mr Prashant Rathee) and AK (promoted by Mr Aman Rathee) are owned by the same business family as ASK and Autotech, and are engaged in the after-market friction material segment. Now, all the entities have been merged into ASK Automotive Ltd.
